SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00***
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**41.54**
Technical Assistance Level	**Level 2**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 2** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**85.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**82.30**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**55.26**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Office of Special Education

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**97.60**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**68.33**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

RDA Results Score	**74.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**97.60**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**58.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**86.63**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**66.67**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

RDA Results Score	**54.44**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**98.40**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**49.44**
Technical Assistance Level	**Level 2**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 2** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**67.84**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**82.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Level 4	N/A
RDA Results Score	**85.56**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**71.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**63.33**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

RDA Results Score	**43.00**
Technical Assistance Level	**Level 2**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 2** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**80.56**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**84.70**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**62.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**82.30**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**83.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**82.30**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**83.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

RDA Results Score	**83.33**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**75.83**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**84.70**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**60.56**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

RDA Results Score	**54.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**90.63**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**59.44**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**77.50**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**48.46**
Technical Assistance Level	**Level 2**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 2** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

RDA Results Score	**69.44**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**97.60**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**87.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**97.60***
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**35.00**
Technical Assistance Level	**Level 3**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 3** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Level 4	N/A
RDA Results Score	**26.00**
Technical Assistance Level	**Level 3**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 3** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**67.68**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**20.00**
Technical Assistance Level	**Level 3**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 3** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**97.60**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**74.44**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Technical Assistance Level	**Level 3**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 3** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**75.31**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**63.89**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**95.90**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**60.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**88.11**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**80.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**39.00**
Technical Assistance Level	**Level 2**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 2** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**87.78**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**96.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**45.38**
Technical Assistance Level	**Level 2**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 2** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

RDA Results Score	**71.11**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**97.60**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**66.11**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**95.20**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**55.83**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

RDA Results Score	**74.62**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**82.30**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**62.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**96.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**74.62**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

RDA Results Score	**59.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**69.39**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**84.44**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**62.20**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**56.92**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**71.11**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**90.40***
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**35.50**
Technical Assistance Level	**Level 3**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 3** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**93.03**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**55.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**84.70**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**57.69**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**54.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**90.93***
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**36.11**
Technical Assistance Level	**Level 3**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 3** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**83.52***
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**38.50**
Technical Assistance Level	**Level 2**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 2** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**72.78**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**84.70**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**60.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**86.67**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**72.94**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**46.00**
Determination Category	**Needs Intervention**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**52.73**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Intervention.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**56.00**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**N/A**
Technical Assistance Level	**N/A**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **N/A** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**50.35**
Determination Category	**Needs Intervention**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**42.86**
Technical Assistance Level	**Level 2**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Intervention.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 2** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**56.33**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**42.86**
Technical Assistance Level	**Level 2**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 2** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**N/A**
Technical Assistance Level	**N/A**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **N/A** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**97.18**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**100.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**77.29**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**80.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**72.50**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**54.12**
Determination Category	**Needs Intervention**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**60.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Intervention.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**77.29**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**70.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**ISB/ISD**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**N/A**
Technical Assistance Level	**ISB/ISD**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **ISB/ISD.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **ISB/ISD** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**71.43**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**97.18**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**83.33**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**67.84**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**61.67**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Office of Special Education

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**96.80**
Determination Category	**CLOSED**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**73.33**
Technical Assistance Level	**CLOSED**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **CLOSED.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **CLOSED** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

RDA Results Score	**70.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**97.18**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**52.31**
Technical Assistance Level	**Level 2**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 2** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**55.00**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**100.00**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**47.50**
Technical Assistance Level	**Level 2**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 2** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**61.18**
Determination Category	**Needs Assistance**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**78.33**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Needs Assistance.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:

The RDA process continues to be new for all of us, so we are learning alongside of you. We value and welcome your continued feedback and support. We are excited to partner with you to create a system which supports the growth and success of each and every student in our great state.

If you have any questions about how your data was used for this process, have any other concerns, would like a copy of the LEA matrix, or have feedback on the RDA process, please send an email with the subject line, "RDA 2019" to specialeducation@doe.in.gov.

SUBJECT: RDA LEA Findings of Noncompliance and Determination for FFY 2018 (SY 2018-2019)

DATE: December 3, 2019

The Individuals with Disabilities Education Act (IDEA) requires Indiana Department of Education, Office of Special Education (IDOE/OSE) to determine if each local education agency (LEA) meets the requirements of Part B of the IDEA. Based on a LEA's score on a number of criteria, the LEA is ranked in one of four categories of determination: meets requirements, needs assistance, needs intervention, and needs substantial intervention.

Please note the process by which IDOE/OSE makes determinations has changed. In prior years, a letter was sent to superintendents with the subject, "Status of Compliance on Federal Indicators for FFY 20xx." This was followed by a second letter with the subject "LEA Determination for FFY 20xx," which detailed the LEA determination category utilizing data from the federal compliance indicator letter. Through Results Driven Accountability (RDA), the information of both letters has been combined into this single communication.

To determine if each LEA meets the requirements of Part B of IDEA, IDOE/OSE has implemented RDA. This is year two for the new Indiana RDA system. Some changes have been made to the system for year two which will be highlighted in the RDA Guidebook, set to be released on December 3.

RDA includes three elements. Results Elements, including federal results indicators and other assessment data, Timely Data Elements, and as in prior years, Compliance Elements. The compliance and data matrices will generate your RDA Determination and the results matrix will generate the level of differentiated support and technical assistance.

Determinations Calculation and Resulting RDA score:

The charts below details the score range for each determination category, the LEA score, and the results determination category.

Compliance and Data Matrices	
Determination Category	**Range**
Meets Requirements*	82.30-100
Needs Assistance	56.00-82.29
Needs Intervention	0.00-55.99
Needs Substantial Intervention	N/A
RDA Determination Score	**94.35**
Determination Category	**Meets Requirements**
***In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.**	

Results Matrix	
Level of Differentiated Support and Technical Assistance	**Range**
Level 1	52.50-100
Level 2	36.80-52.49
Level 3	0.00-36.79
Level 4	N/A
RDA Results Score	**82.22**
Technical Assistance Level	**Level 1**

Based on the combined score of your RDA Compliance and Data Matrices, your LEA has been placed in: **Meets Requirements.** NOTE: In order to qualify for "Meets Requirements," an LEA must score above 41.56 in the Results Matrix.

Based on your RDA Results Matrix, your LEA has been placed in **Level 1** for Technical Assistance.

Further information about correction of noncompliance and the LEA level of support will be forthcoming in December 2019.

Important Information Regarding Findings of Noncompliance:

Pursuant to federal requirements, IDOE/OSE must annually define a LEA's compliance with federal compliance indicators. If IDOE/OSE determines a LEA is noncompliant, it must issue a formal notice of findings of noncompliance to the LEA. The compliance matrix reflects any LEA findings of noncompliance and serves as the formal notice of findings of noncompliance to the LEA.

Noncompliance must be corrected as soon as possible but in no case later than November 26, 2020. Correction may include changing policies, procedures, and/or practices that contributed to or resulted in finding(s) of noncompliance, and correcting any identified noncompliance in specific Individualized Education Plans (IEPs).

Conclusion:
