ExxonMobil Bernard Harris Summer Science Camp

INDIANA UNIVERSITY

Teachers...
Help Students Discover
The Wonderful World of Water
at Indiana University

When:

Sunday, July 11, to Friday, July 23, 2010

Where:

Indiana University, Bloomington

Who:

Experienced 6th, 7th, & 8th Grade Science and Math Teachers

Why:

Because you love introducing young minds to the wonders of the natural world, you care about sustainability, and you want to inspire the next generation in Science, Technology, Engineering, and Math

What Are YOU Doing This Summer?

How about teaching talented students...

- The important roles of water in our lives locally and on a global level
- Fun, hands-on math and science skills through field trips, labs, learning challenges and interactive projects
- How to prepare for high school and college

Application Deadline is April 30th!
