SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance to the LEA.

We are pleased to inform you that Attica Consolidated School Corp has been found to be compliant on the federal indicators as described in the Compliance Report. **No further action is required**.

The Compliance Report is attached detailing your LEA's performance on the applicable federal indicators. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

If you have any questions about how your data was used for this process or have any other concerns, please send an email to *SpEd_Monitoring@doe.in.gov*.

SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance to the LEA.

We are pleased to inform you that Prairie Heights Community School Corp has been found to be compliant on the federal indicators as described in the Compliance Report. **No further action is required**.

The Compliance Report is attached detailing your LEA's performance on the applicable federal indicators. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

If you have any questions about how your data was used for this process or have any other concerns, please send an email to *SpEd_Monitoring@doe.in.gov*.

SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance to the LEA.

We are pleased to inform you that Culver Community Schools Corp has been found to be compliant on the federal indicators as described in the Compliance Report. **No further action is required**.

The Compliance Report is attached detailing your LEA's performance on the applicable federal indicators. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

If you have any questions about how your data was used for this process or have any other concerns, please send an email to *SpEd_Monitoring@doe.in.gov*.

SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance to the LEA.

We are pleased to inform you that Greencastle Community School Corp has been found to be compliant on the federal indicators as described in the Compliance Report. **No further action is required**.

The Compliance Report is attached detailing your LEA's performance on the applicable federal indicators. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

If you have any questions about how your data was used for this process or have any other concerns, please send an email to *SpEd_Monitoring@doe.in.gov*.

SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance to the LEA.

We are pleased to inform you that Western Wayne Schools has been found to be compliant on the federal indicators as described in the Compliance Report. **No further action is required**.

The Compliance Report is attached detailing your LEA's performance on the applicable federal indicators. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

If you have any questions about how your data was used for this process or have any other concerns, please send an email to *SpEd_Monitoring@doe.in.gov*.

SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance to the LEA.

We are pleased to inform you that Andrew J Brown Academy has been found to be compliant on the federal indicators as described in the Compliance Report. **No further action is required**.

The Compliance Report is attached detailing your LEA's performance on the applicable federal indicators. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

If you have any questions about how your data was used for this process or have any other concerns, please send an email to *SpEd_Monitoring@doe.in.gov*.

SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance to the LEA.

We are pleased to inform you that Paramount School of Excellence Inc has been found to be compliant on the federal indicators as described in the Compliance Report. **No further action is required**.

The Compliance Report is attached detailing your LEA's performance on the applicable federal indicators. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

If you have any questions about how your data was used for this process or have any other concerns, please send an email to *SpEd_Monitoring@doe.in.gov*.

FROM: Becky Bowman, Director of Special Education

DATE: November 26, 2014

SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance to the LEA.

We are pleased to inform you that Smith Academy for Excellence has been found to be compliant on the federal indicators as described in the Compliance Report. **No further action is required**.

The Compliance Report is attached detailing your LEA's performance on the applicable federal indicators. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

If you have any questions about how your data was used for this process or have any other concerns, please send an email to *SpEd_Monitoring@doe.in.gov*.

ECC: Brooke Bowlin, Special Education Planning District Director

FROM: Becky Bowman, Director of Special Education

DATE: November 26, 2014

SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance to the LEA.

We are pleased to inform you that Nexus Academy has been found to be compliant on the federal indicators as described in the Compliance Report. **No further action is required**.

The Compliance Report is attached detailing your LEA's performance on the applicable federal indicators. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

If you have any questions about how your data was used for this process or have any other concerns, please send an email to *SpEd_Monitoring@doe.in.gov*.

SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance.

This memorandum serves as formal notice that your LEA is out of compliance on one or more of the federal indicators. Attached is the Compliance Report detailing your LEA's performance on the applicable indicators during the past school year. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

Noncompliance must be corrected as soon as possible but in no case later November 25, 2015. Correction may include changing policies, procedures and/or practices that contributed to or resulted in finding(s) of noncompliance, as well as correcting any identified noncompliance in specific Individualized Education Programs.

As a result of the noncompliance, the LEA must develop and implement a corrective action plan (CAP). A 'Monitoring Workbook' will be emailed to the Special Education Planning District Director in December. The workbook includes a root cause analysis designed to help your LEA review your data, procedures, and practices to determine what factors are contributing to the noncompliance and assist in the development of an effective CAP. Because the extent of your LEA's noncompliance on Indicators 11, 12, and/or 13 is within certain limits and because you have no uncorrected noncompliance from previous years, completion of the root cause analysis is optional. However, we have found that completing a root cause analysis is essential to the development of an effective CAP and **strongly encourage** you to complete the root cause analysis. An Education Consultant will contact the Director in January to discuss your CAP, as well as the factors you are considering in the development of your CAP, and will work with the Director throughout the year to assist in the correction of the noncompliance.

The Office of Special Education looks forward to working with you to resolve the noncompliance as soon as possible. If you have any questions about a specific indicator, please contact the Education Specialist listed below:

MEMORANDUM

TO: Dr. Nicholas Wahl, Superintendent

ECC: Jay Arthur, Special Education Planning District Director

FROM: Becky Bowman, Director of Special Education

DATE: November 26, 2014

SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance.

This memorandum serves as formal notice that your LEA is out of compliance on one or more of the federal indicators. Attached is the Compliance Report detailing your LEA's performance on the applicable indicators during the past school year. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

Noncompliance must be corrected as soon as possible but in no case later November 25, 2015. Correction may include changing policies, procedures and/or practices that contributed to or resulted in finding(s) of noncompliance, as well as correcting any identified noncompliance in specific Individualized Education Programs.

As a result of the noncompliance, the LEA must develop and implement a corrective action plan (CAP). A 'Monitoring Workbook' will be emailed to the Special Education Planning District Director in December. The workbook includes a root cause analysis designed to help your LEA review your data, procedures, and practices to determine what factors are contributing to the noncompliance and assist in the development of an effective CAP. Because the extent of your LEA's noncompliance on Indicators 11, 12, and/or 13 is within certain limits and because you have no uncorrected noncompliance from previous years, completion of the root cause analysis is optional. However, we have found that completing a root cause analysis is essential to the development of an effective CAP and **strongly encourage** you to complete the root cause analysis. An Education Consultant will contact the Director in January to discuss your CAP, as well as the factors you are considering in the development of your CAP, and will work with the Director throughout the year to assist in the correction of the noncompliance.

The Office of Special Education looks forward to working with you to resolve the noncompliance as soon as possible. If you have any questions about a specific indicator, please contact the Education Specialist listed below:

MEMORANDUM

TO: Mr. Tom Hunter, Superintendent
1730 Greensburg Community Schools

ECC: Dr George Vanhorn, Special Education Planning District Director

FROM: Becky Bowman, Director of Special Education

DATE: November 26, 2014

SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)

Pursuant to federal requirements, IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance.

This memorandum serves as formal notice that your LEA is out of compliance on one or more of the federal indicators. Attached is the Compliance Report detailing your LEA's performance on the applicable indicators during the past school year. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

Noncompliance must be corrected as soon as possible but in no case later November 25, 2015. Correction may include changing policies, procedures and/or practices that contributed to or resulted in finding(s) of noncompliance, as well as correcting any identified noncompliance in specific Individualized Education Programs.

As a result of the noncompliance, the LEA must develop and implement a corrective action plan (CAP). A 'Monitoring Workbook' will be emailed to the Special Education Planning District Director in December. The workbook includes a root cause analysis designed to help your LEA review your data, procedures, and practices to determine what factors are contributing to the noncompliance and assist in the development of an effective CAP. Because the extent of your LEA's noncompliance on Indicators 11, 12, and/or 13 is within certain limits and because you have no uncorrected noncompliance from previous years, completion of the root cause analysis is optional. However, we have found that completing a root cause analysis is essential to the development of an effective CAP and **strongly encourage** you to complete the root cause analysis. An Education Consultant will contact the Director in January to discuss your CAP, as well as the factors you are considering in the development of your CAP, and will work with the Director throughout the year to assist in the correction of the noncompliance.

The Office of Special Education looks forward to working with you to resolve the noncompliance as soon as possible. If you have any questions about a specific indicator, please contact the Education Specialist listed below:

Because the extent of your LEA's noncompliance on Indicators 11, 12, and/or 13 is within certain limits and because you have no uncorrected noncompliance from previous years, completion of the root cause analysis is optional. However, we have found that completing a root cause analysis is essential to the development of an effective CAP and **strongly encourage** you to complete the root cause analysis. An Education Consultant will contact the Director in January to discuss your CAP, as well as the factors you are considering in the development of your CAP, and will work with the Director throughout the year to assist in the correction of the noncompliance.

The Office of Special Education looks forward to working with you to resolve the noncompliance as soon as possible. If you have any questions about a specific indicator, please contact the Education Specialist listed below:

MEMORANDUM

TO: Dr. Cheryl Pruitt, Superintendent
4940 Gary Community School Corporation
ECC: Marianne Fidishin**,** Special Education Planning District Director
FROM: Becky Bowman, Director of Special Education
SUBJECT: Status of Compliance on Federal Indicators for FFY 2013 (SY 13-14)
DATE: November 26, 2014

Pursuant to federal requirements, the IDOE must annually determine a Local Education Agency's (LEA) compliance with federal indicators. If IDOE determines that an LEA is not compliant, it must issue a formal notice of findings of noncompliance to the LEA.

This memorandum serves as formal notice that your LEA is out of compliance on one or more of the federal indicators. Attached is the Compliance Report detailing your LEA's performance on the applicable indicators. The report also includes a description of each indicator and the source of the data. The LEA status can be found in the shaded boxes.

Specifically, the LEA has not complied with the requirement regarding timely evaluations for students transitioning from Part C to Part B (Indicator 12) and has failed to correct previously identified noncompliance with respect to Transition IEPs (Indicator 13). Although the LEA was not in the rotation for formal consideration of timeliness of initial evaluations (Indicator 11) for 2013-14, the data submitted by the LEA as part of the special conditions for the 2013-14 school year demonstrates the LEA continued to be noncompliant with this requirement for that school year, and remains under special conditions for this indicator.

We were unable to determine the LEA's compliance status on Indicator 4, due to the questionable accuracy of the data submitted by the LEA. This indicator looks at the number students with disabilities, disaggregated by racial/ethnic categories, who are subjected to out-of-school suspensions for more than ten days. Two years' worth of data from the DOE-ES (SY 2011-2012 and SY 2012-2013) was reviewed for the current findings. In conducting this review, the accuracy of the 2012-2013 data reported by the LEA was called into question as only four African-American students with disabilities are reported to have been subjected to an out-of-school suspension for more than ten days. However, the data reported by the school for the 2008-2009 through the 2011-2012 school years shows that the number of African-American students with disabilities who were subjected to an out-of-school suspension for more than ten days is significantly higher: 139, 221, 206, and 106 respectively. This discrepancy along with the continued errors noted in the cumulative suspension reports submitted as part of the ongoing special conditions is an ongoing and major concern.

To avoid further findings of uncorrected noncompliance, the current noncompliance must be corrected as soon as possible but in no case later November 25, 2015. As the result of previous and ongoing

uncorrected noncompliance, special conditions have been imposed on Gary's eligibility for Part B funds. Based on these findings, the special conditions will be revised to address the continued noncompliance with regard to Transition IEPs. I will send you the revised special conditions no later than December 22, 2015. Per the special conditions, Gary will be required to continue to work with DOE and the ISU technical assistance team to ensure that federal requirements are being met and that students with disabilities are getting necessary services and supports.
