Glenda Ritz, NBCT
Indiana Superintendent of Public Instruction

MEMORANDUM

TO: Superintendents, High School Principals, and High School Test Coordinators

FROM: Leslie G. Fatum, State Coordinator for AP, IB and Dual Credit

DATE: May 15, 2015

SUBJECT: Funding for the Fall 2015 PSAT/NMSQT administration

In terms of funding the PSAT, the state will cover the cost of the Fall 2015 PSAT/NMSQT exam administered on **Wednesday, October 14, 2015 or the alternate date of Wednesday, October 28, 2015*** for all **10th and 11th grade** students enrolled in Indiana accredited public and nonpublic high schools. Providing the PSAT/NMSQT for 10th grade students has become common practice for many states, as the assessment offers many opportunities, including the following:

- a. Students and parents receive an earlier and better gauge of their post-secondary preparation;
- b. Students have time to adjust 11th and 12th grade schedules based on individual data;
- c. Schools may use AP Potential™ to identify students who demonstrate potential in specific Advanced Placement content areas.
- d. Schools may use the Summary of Answers and Skills™ tool to help inform instructional practices based on student skills;
- e. Students and parents have access to a variety of college, career and SAT preparation tools, including My College Quickstart™, that are beneficial throughout high school.

In the Budget Bill recently passed by the Indiana General Assembly this past April, lawmakers appropriated enough PSAT funding to include the exams taken by 11th grade students. This will enable those students to not only be better prepared for the SAT, but will also remove any financial obstacle to those who wish to try to earn a National Merit Scholarship™.

School officials must check to make certain all grade students mark their grade level appropriately on their answer sheet. *Any test with errors in marking or lack of marking will not be compensated by the IDOE after*

final invoicing is received by schools from the Educational Testing Service (ETS). If a school finds an error(s) in an invoice the school must resolve the issue with ETS.

Students who take the PSAT/NMSQT have access to My College Quickstart™, an online college and career planning kit, powered by student responses on the test that provides personalized information which helps students take their next steps toward post-secondary preparation. This tool can be found at: <https://quickstart.collegeboard.org/posweb/login.jsp>. Students who have previously taken the PSAT/NMSQT currently have access to My College Quickstart™.

Because these resources are available to all 10th and 11th grade students who take the PSAT/NMSQT (not just those determined to be “college bound”) **we encourage schools to seek full participation of Grade 10 and Grade 11 students in the PSAT/NMSQT.**

The College Board and IDOE will provide expanded professional development opportunities during the fall of 2015 for administrators, counselors and teachers, in order to make effective use of the tools offered through the PSAT program. Contact Leslie Fatum at IDOE for information and to register for one of these workshops. (lfatum@doe.in.gov or 317-232-6619)
