

Approved Bilingual Dictionary List

Bilingual Dictionaries Approved for Use by LEP Students on Indiana Assessments

The Indiana Department of Education authorizes the following word-to-word bilingual dictionaries for use on Indiana assessments for Limited English Proficient (LEP) students at the following levels of proficiency: Level 1 (Beginner), Level 2 (Early Intermediate), Level 3 (Intermediate), and Level 4 (Advanced) as assessed on the LAS Links English Proficiency Assessment. These are also approved for newly enrolled Limited English Proficient (LEP) students who have not yet participated in the annual English Proficiency Assessment but who have been identified as LEP based on a score of Not Proficient (NP) or Approaching Proficient (AP) on the LAS Links Placement Test.

Bilingual dictionaries are limited to those that provide word-to-word translations only (i.e., no definitions or visuals). Use of the word-to-word dictionary is not appropriate for all LEP students. Students must meet the following requirements in order to use a bilingual dictionary on ISTEP+:

- The student must be capable of reading in their native language;
- The student must be capable of reading words in English; and
- The student's Individual Learning Plan must document use of a bilingual word-to-word dictionary in class.

A list of publishers and distributors appears at the end of this appendix. School corporations are responsible for purchasing these dictionaries for students with Title III or other appropriate funds.

The following list is a compilation of all word-to-word dictionaries approved as of the publication of this document. To request approval of additional word-to-word dictionaries that are being used by LEP students, complete the *Bilingual Dictionary Request* form (see *Appendix D*).

New York Department of Education has given Indiana permission to include the following link to content-specific bilingual dictionaries:
