

**Indiana Academic Standards (IAS):  
Instructional and Assessment Guidance  
ISTEP+: Social Studies – Grades 5 & 7  
2016-17**

**Opportunity to Learn**

From an assessment perspective, preparing students necessitates a focus on “Opportunity to Learn.” Opportunity to Learn (OTL) refers to equitable conditions or circumstances within the school or classroom that promote learning for all students. OTL includes curricula, learning materials and instructional experiences. In short, OTL supports student success by ensuring student access to both content and instruction.

Opportunity to Learn is both a moral imperative and an ethical responsibility on the part of educators. Indiana teachers have a two-fold obligation with regard to OTL. First, teachers must provide students with OTL for Indiana Academic Standards that are assessed in the classroom and on ISTEP+. Second, and more importantly, teachers must provide OTL in terms of the content that students must learn in preparation for the next level of learning.

**Prioritizing Instruction**

In an effort to empower teachers and focus on instructional priorities, the Office of Student Assessment has created this Instructional and Assessment Guidance (“Guidance”) document for grades 5 and 7. The *Content Priority* of each Standard is delineated in the Guidance as one of two designations:

- 1) Critical – identified as “✓”
- 2) Additional – identified as “☐”

The Guidance document is designed to assist teachers in planning and prioritizing instructional time to ensure student success.

All of the Indiana Academic Standards represent valuable content, and the Guidance documents are designed to assist teachers in planning and prioritizing instructional time to ensure student success.

**A Final Note**

The Guidance document, as well as the Standards themselves, is not meant to be used as a “checklist.” Rather, when teachers take into consideration the instructional priorities and deliver rich, meaningful lessons, the Standards come to life in the classroom.
