N/A

N/A

N/A

N/A

N/A

N/A

N/A

Elementary Generalists;

Elementary Generalists;

N/A

Question 11

I was not sure what to mark here as I have not directly been assigned a mentor but I do learn from my boss whom is the director of special education for NCCSC and she has her PhD. I also learn every day from other administrators, counselors, and teachers that I work with every day and feel as if they have helped to guide and mentor me on the side of education. I also was not sure what to choose regarding school as I am the corporation registered nurse for all of New Castle Community Schools. I chose High School since that is where my office is located but I am over all of the schools located in New Castle. I also did not know what to choose as options for the license so I chose school nurse, nurse, and general supervisor since I am the supervisor for all of the health assistants and health clinics. Please let me know if I did not fill something out properly or appropriately since I am not 100% sure since I am not technically a teacher but a Registered Nurse working in a school corporation.

N/A

N/A

I have had the opportunity to co-teach with the Jr. High English teacher. While she taught literature, I instructed the writing portion. We collaborated on lessons and combined the same topics.

N/A

I also met with the 7th grade team of teachers 4 times a week and the 8th grade teacher once a week. These individuals also mentored me throughout the first 2 years.

Worked with district mentor and school mentor.

The head of my department continually checks on me and makes sure that I am comfortable and works on lesson plans with me. Another 7th grade social studies teacher is available for questions or when I need explanations from him.

Seasoned teachers in the school helped me adapt to Lincoln and being a new teacher. I was also mentored by J. E., assistant principal, M. C., the previous principal, and J. B., the current principal. I have learned better ways to differentiate my instruction, how to pace learning more efficiently, and how to best align my teaching to state standards.

I received mentoring from professionals in both the Special Education and Mathematics departments (where I am an inclusion teacher) at RHS. I found these experiences essential to my growth, though they would be considered informal.

I have attended numerous trainings and fellow teachers have helped significantly.

Weekly face to face formal supervision for at least 1 hour if not 2 hours. Informal supervision available by phone or e-mail as needed by LCSW.
