I was also mentored by the grade level team lead.

While my current elementary school did not pair me with a mentor teacher for my first year, I did contact and work closely with my previous teachers from the intermediate school whenever I had questions or issues. I had formed close friendship with these teachers and they were happy to help and guide me. They were also disappointed that my elementary did not support me by providing a mentor teacher for me my first year. skills as an educator. I also worked closely in the classroom with a retired educator, who taught in IPS and Warren Township for a total of 40 years. This experience posted a vital role in my growth and development over the last school year.
