

# APPLES in *Indiana*

Approximately 10 billion apples are harvested each year, that is enough to circle the earth 20 times!

Great source of fiber, vitamin A & C, potassium, and thiamin.

Apples are at their peak between August and mid-October

Refrigerated apples last 10 times longer

Indiana is home to more than 11 U-Pick farms (as depicted) and farmer's market in over 100 cities. Visit one in your area today!
