

THE PURPOSE OF THE CHILD AND ADULT CARE FOOD PROGRAM

The Indiana Department of Education (IDOE) operates the United States Department of Agriculture (USDA) Child Nutrition Programs (CNP). The Child and Adult Care Food Program (CACFP) provides reimbursement for nonresidential child care institutions to plan, purchase, prepare, and serve nutritious meals and snacks to eligible participants.

ELIGIBILITY REQUIREMENTS

- A child care center or unlicensed registered ministry may participate in CACFP as an independent institution or under the sponsorship of a sponsoring organization.
- A child care center or unlicensed registered ministry may be operated by one of the following types of institutions:
 - Public Entity—a municipal, county, state, or federal government agency
 - Nonprofit Institution—a federally tax-exempt institution, per section 501(c)(3) of the Internal Revenue Code, as determined by the US Department of Treasury, Internal Revenue Service
 - For-Profit Child Care Institution—a child care institution that does not qualify for tax-exempt status under the Internal Revenue Code. The institution must operate a child care center that received subsidized child care payments for at least 25 percent of its licensed capacity or enrollment (whichever is less), or at least 25 percent of its licensed capacity or enrollment (whichever is less) must be eligible for free or reduced price meals. Children who only participate in the At-Risk After-School Meals Program must not be counted in determining the 25 percent calculation.
- A child care center must be licensed or license-exempt as determined by the Family and Social Services Administration (FSSA), Bureau of Child Care (BCC)
 - Facilities operated by a public school in a school building are not required to be licensed.

For example, breakfast, lunch and pm snack or lunch, pm snack and supper.
- The amount of reimbursement an institution is eligible for depends on the number of meals served to children and each child's household income eligibility.
- A child care center or unlicensed registered ministry may not profit from CACFP. Institutions must operate a nonprofit food service program, which means that all reimbursement received for food service is restricted and used only for allowable food program costs. Any reimbursement in excess of food program expenses must be used to maintain, expand or improve the institution's nonprofit food service program.
- Meals and snacks may not be sent home with the child. Meals and snacks must be consumed while the child is at the facility.
