

## Free/Reduced Fact Sheet: No Income

Households reporting \$0 income are eligible for free meals the following ways:

### 1. No Income box checked

- If the no income box is checked next to each household member, the application may be approved for free meals based on face value.
- Highly recommended to flag this application to Verify for Cause.

### 2. \$0 written next to household members

- If \$0, “zero” or “no income” is written next to the household members, the application may be approved for free meals based on face value.
- Highly recommended to flag this application to Verify for Cause.

### 3. If neither the No Income box was checked, nor \$0 written on the application

- Schools are now allowed to process applications that do not have the No Income box checked or \$0 written on the application. The application must convey to the applicant that any income field left blank is a positive indication of no income and certifies that there is no income to report.
- Approve the application based on face value.
- Highly recommended to flag this application to Verify for Cause.

## Tips for Verification for Cause

- Ask the household where are they living? How are they meeting their expenses?
- Schools can request additional written documentation or collateral contact corroboration to support the household’s situation.
- This might be a homeless situation, contact your school’s homeless liaison.
