About the Event:

[Jessica Shelly](#), Food Service Director with Cincinnati Public Schools, will share how she took on the challenge of a salad bar in every school. In 2011, Jessica secured funding from six different organizations to purchase salad bars for all 53 Cincinnati schools. Today, all 34,000 Cincinnati Public School students have access to a wide variety of fresh fruits and vegetables every day at their school's salad bar.

[Bonnie Burbrink](#), Food Service Director with Seymour Community Schools, will tell us how Seymour Community Schools introduced salad bars in five schools. She will set up a breakfast and garden bar and share tips on getting started and lessons learned. Attendees will take a walk through the lunch line and sample a reimbursable meal from a salad bar.

Meet [The Produce Mom](#), Lori Taylor, and learn about the school food-service program, [Find Your Favorite™](#), which inspires children to eat more fruits and vegetables.
