(ALERRT)

### ***Co-Sponsors:***

US Attorney's Office,  
Northern and Southern District of Indiana

### ***Hosts:***

Indiana State Police

This is a 4-hour block of instruction that will be delivered twice in the same day to instruct police, school resource officers, school safety specialists and administrators on how to train schools, businesses or groups of civilians on what to do if they ever find themselves in an active shooter scenario. The Civilian Response to Active Shooter Events (CRASE) course, designed and built on the Avoid, Deny, Defend strategy developed by ALERRT in 2004, provides strategies, guidance and a proven plan for surviving an active shooter event. Topics include the history and prevalence of active shooter events, the role of professional guardians, civilian response options, medical issues, and drills. Participants in this four hour Train-the-Trainer course will receive a manual and Power Point presentation suitable for use in their own presentations.
