Goal/Federal Requirement/Key Finding	Original Application	Revision	Justification
<i>Example: Increased learning time</i>	<i>The school budgeted \$50,000 for the before and after school program mandatory for all students.</i>	<i>The school did not budget enough funds for the before and after school program for all students to attend. The school needs to add \$50,000 to fulfill all staff salaries.</i>	<i>In order for all students to attend the before and after school program for the 200 student days, the school will need to move funds from technology and supplies over to instruction to fulfill all staff salaries.</i>
Improvement of Instruction	We originally budgeted \$7,200 for sub for curriculum mapping. The district paid for our subs as we had both middle schools at the table for this process.	We will purchase three books by Rick Wormeli to be used for book studies and to add our professional library.	These books will allow staff to learn and collaborate on topics of assessing students, differentiation, and teaching techniques to improve student learning.
