Perry Meridian High School  
401 W Meridian School Rd, Indianapolis, IN 46217

**Purpose:** Indiana has undergone many changes in the last several years, and having continued school improvement conversations is more important than ever! School improvement is a **team effort** – getting trained in effective school improvement strategies should also be a team effort. **School Leadership teams** are invited to participate in an active, hands-on day to build their school improvement toolbox led by the IDOE School Improvement Team. Each session will focus on building instructional best practices that support Indiana’s Academic Standards, ways to utilize and discuss data to drive interventions, components of effective leadership to drive school improvement efforts, and developing supportive and responsive evaluation practices.

**Participants:** **School leadership teams** are recommended and may be comprised of building level administrators, instructional coaches, elementary teachers, secondary E/LA & math teachers, and secondary content area teachers.

**Cost:** The registration and professional development are provided at no cost, but **THERE IS A FEE OF \$15 FOR THE WORKING LUNCH. CASH ONLY ACCEPTED AT SIGN-IN.** Space may be limited due to location capacity.
