Call: 866-906-9888
Passcode: 4691957#

What is the purpose of the Common Transcript Initiative?

Is my school/corporation compliant?

How does Parchment 7 work with the Common Transcript Initiative?

What happens if I receive an error from my SIS integration?

Where can I find all of the videos and documents I need for the Common Transcript Initiative?

- ✓ Please do ask your questions. There is the chat feature in the meeting room— post questions to the entire group there and our moderator will either respond in the chat or ask them over the teleconference at the conclusion of each topic.
- ✓ Please do have your phone on mute. Sometimes multiple callers using speakerphone at the same time causes feedback on the conference line, putting your phone on mute reduces this dramatically.
- ✓ Please do not put the call on hold. We cant predict interrupts and understand you may be called away for a moment during our training (though we hope not!). Leaving the line on mute and not putting it on hold if this happens will be a lifesaver for your colleagues and the presenter – no hold music to talk or listen over!
- ✓ A recording of this webinar will be sent out to all registrants and be housed on the DOE Common Transcript web page

- ✓ The legislation **requires the CHE, in collaboration with state educational institutions and the DOE, to develop a common electronic transcript**, using common data fields and formats that are required by state educational institutions.
- ✓ **By July 1, 2015, all public schools shall use the common electronic transcript.**
- ✓ **Accredited nonpublic schools may elect to use the common transcript.**

Common Transcript Review

Legislation	HEA 1341, passed by the 2013 Indiana General Assembly, added IC 21-18-12 to Indiana Code
Intent	<ul style="list-style-type: none">• Enhance the admissions process, provide better data and lead to higher degree completion rates.• Input from Higher Ed and Secondary Schools regarding common transcript content• Cooperation from Student Information System vendors to develop appropriate transcript.

- **If your school is using Harmony, RDS, SDS, Skyward or PowerSchool**
 - You are compliant if you are sending transcripts via the integration
 - You are NOT compliant if you are using the print driver
 - Representatives from **PowerSchool, Harmony, RDS & SDS** are on the line and will see your questions in the Q&A portion
- **Chalkable (previously known as Information Now / STI)**
 - Currently building the integration
 - We're working with them to establish final delivery timeline
- **What if our integration is still being built (Chalkable) or we are in the process of switching SIS vendors?**
 - In both cases, you will need to continue to use the print driver until the integration is complete or your transcripts are ready in the new system

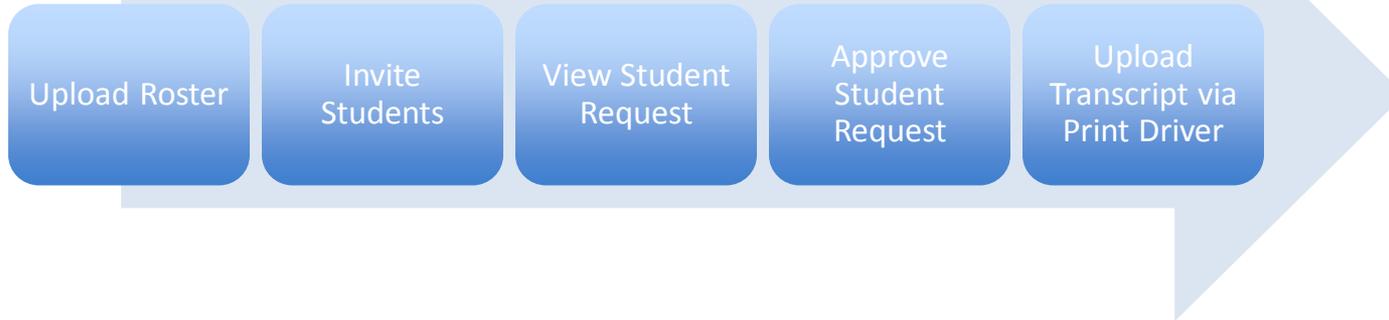

Parchment 7 allows you to send all of your transcripts to Parchment at one time

- Upload everything at the beginning of grading period (through the integration)
- Approve requests without having to access the transcript again

What about older alumni requests?

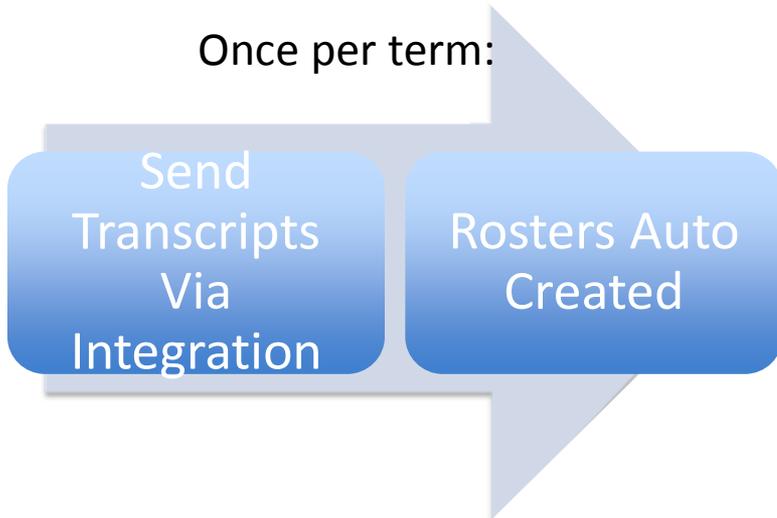

- If the alumni are still in your current system, these can be sent through the integration
- If these are saved as a PDF or other file in your computer system, use the “Add File” >> “Upload New File” feature to drag and drop a PDF from your computer

Old Workflow:

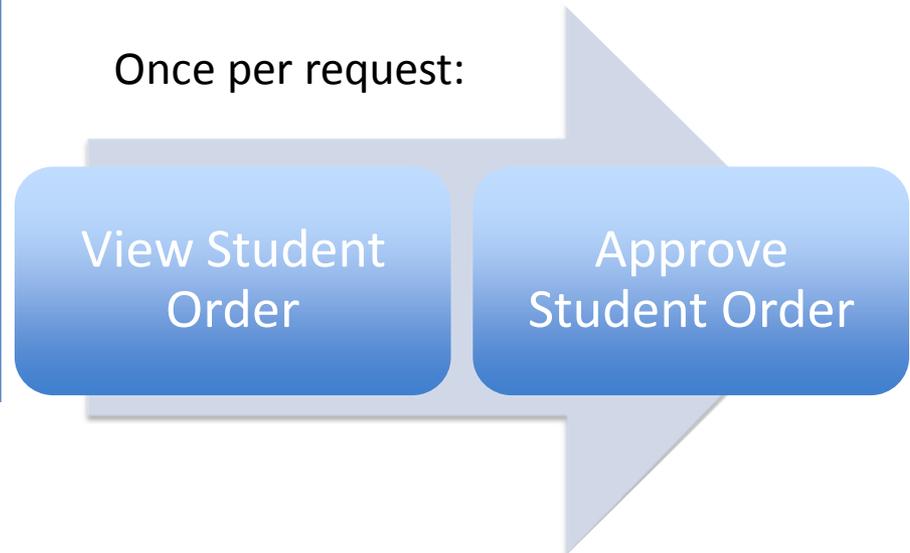

New Workflow:

Once per term:

Once per request:

- If you need your consumer key and consumer secret, please contact Matt Sterenberg or Kirstin Saxon
- If an error occurs when transcripts are being sent from your SIS vendor to Parchment, you will need to contact your SIS vendor first
- Again, we have some SIS vendor representatives on the line for follow up
- If the vendor is not able to determine what caused the error, they (or you) can contact Parchment. The XML file will be required for troubleshooting.
- If you experience an issue where the transcripts are not showing in your Credential Library but no error is received, we recommend that you contact your IT Department to help troubleshoot the issue.

- If you're currently using Naviance e-docs, you are still required to send the transcript as data to be in compliance with Indiana regulations
- You will need to contact Naviance directly to determine the process you will use to send them the student transcript as an XML file
- You can (and should) still use the integration between your SIS vendor and Parchment to send the transcripts and fulfill any orders placed by your students (current or alumni) on Parchment.com

- There are 2 ways that immunizations can be included with transcripts:
 - Print a record of the immunizations from the CHIRP database; attach that printout with the transcript in Parchment when fulfilling the order
 - If your SIS vendor has all CPT codes available per guidelines from IDOE, include those immunizations on the transcript sent from your vendor to Parchment.

Per the guidance from IDOE, Dual Credit courses must be titled in one of the following ways on the high school transcript:

- Use a combination of the college course title and the appropriate state-approved high school course title if it has been determined that the dual credit college course meets the Academic Standards for the corresponding high school course.
 - For example, a college-level American History course – HST 101 from Ivy Tech Community College – may appear on the high school transcript as “US History/HST 101 Ivy Tech.”
 - In these instances, the state-approved high school course title should be listed first, followed by the college course number and the eligible institution where the credits were earned.
 - Note that the student’s high school transcript must reflect that the secondary credits were earned at an eligible institution.

More Information can be found on the IDOE website at:

<http://www.doe.in.gov/ccr/dual-credit>

<http://www.doe.in.gov/sites/default/files/ccr/dual-credit-july15-2015.pdf>

Examples showing how Dual Credit courses can be shown on the PDF transcript generated by Parchment

Indiana High School 410 IN 11th Grade Term 2 (2012-2013)			
1542 S13480	DC USHis (HST 101 / Purdue University Calumet)	A+	1
1542 HST 101	DC USHis (Purdue University Calumet)	A+	1
1542 S13480	DC USHis (US History / HST 101 / Ivy Tech)	A+	1
1546 26121305	ENG III TRANSITIONS (Business Reading)	B/87	0.5

- The tests and subtest codes that can be used are defined by the PESC (PostSecondary Electronics Standards Council) council and as such, must be valid PESC enumerations
- If the Test / Subtest name isn't available in PESC, it will need to be added to the transcript as "OtherStateTest" and "OtherStateSubTest" or "OtherTest" and "OtherSubTest"
- Place the actual name of the test (APWorldHistory) in the NoteMessage field in the XML file
- Current test codes are included in the following slides.

Examples of End of Course Assessments under Testing Information on the PDF transcript generated by Parchment

Testing Information	
SubTest Name	Score
