Indianapolis Metropolitan High School - Amendment # 2
FY 2012-2013

Your 2012-2013 1003g School Improvement Grant (SIG) amendment has been approved. These funds are authorized for use as of October 23, 2012. The amount listed in the chart below verifies the school improvement funds approved. Your corporation is responsible for conducting the 1003g SIG program in the manner and for the purpose described in the application and in accordance with federal law. Please include this entire approval packet as an appendix to the original approved 1003(g) SIG application as official documentation of the revisions approved in this amendment. If you have questions concerning the approval, please contact our office at (317) 232-9062.

Goal/Federal Requirement/Key Finding	Original Application	Revision	Justification	IDOE Comments
<p>Increased student achievement; Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards</p>	<p>High School Survey of Student Engagement--\$1200 HSSE Survey Training (using the data)--\$1500 Three-days follow-up training--\$4500 BEI Project Based Learning summer institute--\$2100</p>	<p>Because the school is a TAP school, the TELL survey is provided through the TIF grant. There is a duplication of data collection through the TELL survey. A different vendor has been selected to conduct the surveys, data analysis, and staff training to align with the redefinition of the school model. The grant amount set aside for contracted services will allocated to Bellwether Consulting.</p>	<p>As the charter school landscape continues to evolve and the school model for Indianapolis Metropolitan HS has been revamped during the SIG grant cycle, it is critical that data be collected from students, parents, staff, and community stakeholders to clearly define the mission of the school and to align the future strategic action plan to the learnings of the successes through the SIG grant cycle. An alternate vendor has been researched to conduct the surveys and plan with the school leadership team the branding and implementation steps to ensure sustained success.</p>
