Dear Family Friendly School,

Congratulations on successfully completing the Indiana Department of Education's Family Friendly School designation process.

We are honored and appreciative that you took the time to complete the application, surveys, and turn in your evidence binder.

Due to this designation, your school will be offered an extension of renewal which includes a letter verification process for the next school year.

In order to become re-designated as a Family Friendly School, we are asking that you provide the required signatures below to verify that the Family Friendly practices that were in place in in the school year, are still currently thriving in your school community.

If you could please return this verification letter with the required signatures to the Office of School Accountability via email to: SchoolAccountability@doe.in.gov by April 1, we will be able to review and process them for the next school year.

Thank you for supporting our students and families in Indiana.

Respectfully,

Office of Accountability & Accreditation

SchoolAccountability@doe.in.gov
Family Friendly Schools Renewal Verification Letter

We, as members of this Family Friendly School, verify with our signatures below that the practices and procedures that qualified our school to obtain this designation of a Family Friendly School are still thriving in our community.
