Indiana Student Performance Readiness and Observation of Understand Tool (ISPROUT) is administered to students with an Individualized Education Program (IEP) upon the student's entrance into the preschool program, annually near their birthday or yearly review, and the exit of the program (typically the spring prior to going to kindergarten).

<sup>1</sup> The December Biology window is designed for students completing the course during the first trimester or semester.

<sup>2</sup> The February Biology window is designed for students completing the course during the second trimester.

<sup>3</sup> The May Biology and U.S. Government window is designed for students completing the course at the completion of the second semester or third trimester.
