

2017-18 Social Media and/or Unallowable Devices Concern Report Form

Complete and submit this form if any of the following situations occurred:

- A staff member or student has used a device such as a cell phone, computer, iPad, Tablet, etc. to take a picture of test materials and/or to access unallowable resources during testing; or
- Test materials or information about test content have been posted on social media or shared via email, text or instant messaging.

Document locally but DO NOT submit this form if the following situation occurred:

- A staff member or student had a cell phone (or other unallowable device) in the testing room when test materials were present but school staff have confirmed (see below) the device was not used to take pictures of test information or as an unallowable resource during testing.
 - School administrators must consult with the staff member or student (parents may need to be contacted for assistance) to review email, text messages, or any other social media outlets to which the staff member or student had access to ensure testing information was not referenced, obtained, or shared on social media or sent to others.
 - School administrators must confirm the student did not use the device as a resource during testing.

NOTE: The school corporation/charter school/nonpublic school may be contacted if additional information is needed. Also, a copy of this report will be provided to the school corporation/nonpublic school if an investigation is necessary.
