To be awarded a Choice Scholarship, a complete application must be submitted for the student by the September 1, 2020 application deadline and the student must be fully enrolled and expected in attendance on the September count day. If the student does not return to the original school by the deadline, the student is no longer eligible to receive Choice Scholarship funds for the remainder of the school year.
3	How will the payment process work? Is there anything I need to do once school starts?	The parent/guardian plays a very important role in the payment process. The Choice Scholarship award is designated by the parent/guardian to be paid directly to the participating Choice school on the student's behalf. Number	Question	Answer
School Policies		
1	Does my participating school need to remove its religion classes and/or religious affiliation to qualify?	No. Participation in the Choice Scholarship Program does not require schools to remove religion classes or alter their religious affiliation.
2	How would the Choice Scholarship program affect my school's admissions policy?	A participating Choice school may not discriminate on the basis of race, color, or national origin. The school must have a written admissions policy. This policy is required to be submitted as part of the school's application to participate in the Choice Scholarship Program. Admission standards for Choice Scholarship students may not be different than the standards used for non-Choice eligible students.
3	Are all participating schools required to have a lottery policy?	Yes, in accordance with IC 20-51-4-3, even if you don't anticipate ever using a lottery, the policy must be in place. A sample lottery policy is posted in the Choice Scholarship Community on Moodle.

4	Can a Choice student be expelled from the school for academic, disciplinary, or other reasons?	A participating Choice school should follow the policies of the school that have been approved by the school's governing body. The school must notify the Department within five days if a student is withdrawn from the school by submitting an updated Enrollment and Mobility (EM) report. If a student attends less than the period for which the award is allocated, the IDOE will prorate the amount of the Choice Scholarship and request a refund.
5	Will my school be required to do teacher evaluations?	Yes. Pursuant to IC 20-28-11.5-4, eligible Choice schools are required to develop a plan for annual performance evaluations for each certificated employee.

Number	Question	Answer
Accreditation/Accountability		
1	If my school is not accredited by the State Board, what national/regional accrediting entities are recognized by the Board?	<p>The State Board of Education currently recognizes eight accrediting entities for purposes of participating in the Choice Scholarship Program. The recognized accrediting agencies are the following:</p> <ul style="list-style-type: none"> • Accrediting Association of Seventh-day Adventist Schools, Colleges, and Universities (AASDAS) • American Association of Christian Schools (AACCS) • Association of Christian Schools International (ACSI) • Christian Schools International (CSI) • Independent Schools Association of the Central States (ISACS) • International Christian Accrediting Association (ICAA) • National Lutheran Schools Accreditation (NLSA) • North Central Association (NCA) / AdvancED
2	Will my school's "A"- "F" grade be public?	All school grades for public, charter, State accredited non-public, and participating Choice schools are publicly reported. School and corporation results are posted on the Department's website, INview, at https://inview.doe.in.gov . Additional information is available on the Office of Accountability website, www.doe.in.gov/accountability .
3	Will my school's "A"- "F" grade affect my school's eligibility to participate in the Choice Scholarship Program?	<p>Per IC 20-51-4-9, "A"- "F" grades will affect participating Choice schools in the following manner:</p> <ul style="list-style-type: none"> • A school designated a "D" or "F" school for two consecutive years will receive a one-year suspension from accepting new Choice Scholarship students. • A school designated a "D" or "F" school for three consecutive years cannot accept new Choice Scholarship students until receiving a "C" or higher for two consecutive years. • A school designated an "F" school for three consecutive years cannot accept new Choice Scholarship students until receiving a "C" or higher for three consecutive years.

4	Are there any exceptions to these consequences?	An eligible school may submit a request to the State Board of Education to waive or delay consequences for a particular school year. The State Board may grant a request if the eligible school demonstrates that a majority of students in the eligible school demonstrated academic improvement during the preceding school year.
5	Is there a minimum number of students required to receive a grade?	Yes. Because schools participating in the Choice Scholarship Program are required to administer statewide assessments and receive a grade under the State "A"- "F" system, the IDOE must have a statistically valid number of students off which to base the school 'grade'. The number of students (n-size) in tested grades who met the 162 day rule and have valid test results (not necessarily Choice Scholarship students) differs based on the indicator/domain. The n-size for performance = 30; growth = 40; multiple measures = 10. Data may be aggregated over consecutive years, if necessary, to meet the minimum group size. For additional information about grade calculations, please contact School Accountability at schoolaccountability@doe.in.gov .

2	What assessments are Choice schools required to administer?	Depending on the grades served, Indiana statewide assessment tests must be administered as part of a school's participation in the Choice Scholarship Program. All students in the school who are in assessment-tested grades must complete the required assessments.
3	Is the test administrator required to be a licensed teacher?
