Course titles that were new in 2015-2016 or had revisions in 2015-2016 are highlighted.

New and revised course titles for 2016-2017 are highlighted and annotated.

Other Categories: Per Indiana Code IC 20-43-8, all courses not in wage/demand categories designated **Foundational** are funded at \$150 per pupil per year based on a school corporation's fall count. Those designated **Introductory** are funded at \$300 per pupil per year based on a school corporation's fall count.

Work Based Learning (WBL) including Interdisciplinary Cooperative Education (ICE): Work Based Learning Capstone courses and Interdisciplinary Cooperative Education are full year courses and are funded at \$300 per pupil per year based on a school corporation's fall count.

Middle School Enrollments: As announced in May 2013, CTE state funding for enrollment of students below grade 9 is restricted to those courses identified as developmentally appropriate for grade 9 students (designed and recommended for grade 9 students), beginning in 2014-2015 and include only:

- Preparing for College and Career,
- Introduction to Engineering Design, and
- Introduction to Agriculture, Food and Natural Resources.

Courses designed for students in grades 10 and up are defined as not developmentally appropriate for students below grade 9 and students below grade 9 enrolled in those courses do not generate CTE state funding.

***Demand and Wage Ratings:** Demand and Wage ratings are based on 2012-2022 Indiana Wage/Demand Data, which was used as the basis of 2014-2015 funding and used for 2015-2016 and 2016-2017 as well. Likewise, wage definitions and demand definitions used in 2014-2015 will continue through 2015-2016 and 2016-2017 per Indiana Code IC 20-43-8-12 (b).

Wage Definitions:

- More than moderate wage is \$13.01 and higher average wage
- Moderate wage implies that average wage is between \$8.01 and \$13.00
- Less than moderate wage is \$8.00 and below

Demand Definitions:

- More than moderate implies a demand level of 801 and higher
- Moderate demand implies a demand level of 201 to 800
- Less than moderate demand implies a demand level of 200 or less
