

MEMORANDUM

To: School Superintendents and Principals

From: Dr. Scott Syverson
Chief Talent Officer

Date: July 13, 2018

Re: Senate Enrolled Act 303– Various Education Matters (I.C. 20-20-33-7; 20-30-8-15; 20-43-7-5) - Reporting of Homebound Students
Series: 2 of 4

Background:

The Indiana General Assembly recently passed legislation addressing the reporting of homebound students.

Guidance:

This bill changes the beginning and ending reporting dates for the homebound count. School corporations will begin reporting the count of each pupil that received homebound instruction July 1 to June 30 of each school year. Homebound counts will be submitted at the end of each school year for the immediate preceding school year. Homebound counts are used in part to determine special education grant funding as part of state tuition support. The time frame for the data collection moves from a calendar year to a fiscal year. The count of homebound students will include students who receive homebound instruction from July 1 through June 30. (I.C. 20-43-7-5)

The DOE-HB (Homebound) data layout will provide details on the reporting deadlines.

If you have any questions regarding homebound students, please contact Brandon Myers at (317) 232-9144 or email him at bmyers@doe.in.gov.
