

Considerations for State of Indiana-Required Assessments 2020-2021 School Year

2020-2021 School Year	Assessment Scenario	Attendance Scenario		
		Virtual/Blended	In Person	Absent/Sick/Quarantined
Senior Cohort 2021	GQE Required for Graduation	No remote proctoring of ISTEP+ 10 available. School is required to schedule in-person testing sessions for students. This student has two more opportunities during 2020-2021 to meet requirement: Winter 2020 and Spring 2021.	No change to test administration protocols. This student has two more opportunities during 2020-2021 to meet requirement: Winter 2020 and Spring 2021.	No remote proctoring of ISTEP+ 10 available. Student must make up test in person during the test window. If student quarantine prevents in-person assessment, lack of test will count against participation rate for school accountability.
Senior Cohort 2021	Pathway Required for Graduation (<i>may include assessment-based pathways</i>)	Graduation Pathway requirements must be completed by September 30, 2021 without any waiver of current graduation requirements. Note: Any assessment-based options for pathways are likely not available through remote proctoring.	No change to test administration protocols. Graduation Pathway requirements must be completed by September 30, 2021 without any waiver of current graduation requirements.	Graduation Pathway requirements must be completed by September 30, 2021 without any waiver of current graduation requirements. Note: Any assessment-based options for pathways are likely not available through remote proctoring.
Senior Cohort 2021	Potential GQE or Pathways Waiver Graduate	GQE Waiver requires that student participate in the GQE at least once each year and meet all other waiver criteria. Note: No remote proctoring of ISTEP+ 10 available. Alternatively, the student could receive a waiver from Graduation Pathway requirements if they meet published criteria. Note: Any assessment-based options for pathways are likely not available through remote proctoring.	No change to test administration protocols. Student must meet criteria as defined by the waiver process.	GQE Waiver requires that student participate in the GQE at least once each year and meet all other waiver criteria. Note: No remote proctoring of ISTEP+ 10 available. Alternatively, the student could receive a waiver from Graduation Pathway requirements if they meet published criteria. Note: Any assessment-based options for pathways are likely not available through remote proctoring.
Junior Cohort 2022	ISTEP+ 10 Spring Administration for State and	No remote proctoring of ISTEP+ 10 available. School is required to schedule in-person testing sessions for students.	No change to test administration protocols.	No remote proctoring of ISTEP+ 10 available. Student must make up test in person during the test window. If student quarantine prevents in-person

	Federal Accountability			assessment, lack of test will count against participation rate for school accountability.
Junior Cohort 2022	Pathway Required for Graduation (<i>may include assessment-based pathways</i>)	Graduation Pathway requirements must be completed by September 30, 2022 without any waiver of current graduation requirements. Note: Any assessment-based options for pathways are likely not available through remote proctoring.	No change to test administration protocols. Graduation Pathway requirements must be completed by September 30, 2022 without any waiver of current graduation requirements.	Graduation Pathway requirements must be completed by September 30, 2022 without any waiver of current graduation requirements. Note: Any assessment-based options for pathways are likely not available through remote proctoring.
Junior Cohort 2022	Potential GQE or Pathways Waiver Graduate	GQE Waiver requires that student participate in the GQE at least once each year and meet all other waiver criteria. Note: No remote proctoring of ISTEP+ 10 available. Alternatively, the student could receive a waiver from Graduation Pathway requirements if they meet published criteria. Note: Any assessment-based options for pathways are likely not available through remote proctoring.	No change to test administration protocols. Student must meet criteria as defined by the waiver process.	GQE Waiver requires that student participate in the GQE at least once each year and meet all other waiver criteria. Note: No remote proctoring of ISTEP+ 10 available. Alternatively, the student could receive a waiver from Graduation Pathway requirements if they meet published criteria. Note: Any assessment-based options for pathways are likely not available through remote proctoring.
Sophomore/ Junior Cohort 2021/2022	PSAT (<i>State-funded, but not required</i>)	No remote proctoring available. School schedules in-person administration of the assessment on scheduled day or make-up day.	No change to test administration protocols.	No remote proctoring available. School schedules in-person administration of the assessment on scheduled day or make-up day.
Middle/High School Student	ILEARN Biology	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window upon completion of the course.	No change to test administration protocols.	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window upon completion of the course.
Middle/High School Student	ILEARN U.S. Government (<i>Optional</i>)	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window upon completion of the course.	No change to test administration protocols.	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window upon completion of the course.

Grades 3-8	ILEARN	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.	No change to test administration protocols.	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.
K-12	WIDA	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.	No change to test administration protocols.	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.
3-HS	I AM	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.	No change to test administration protocols.	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.
Grade 4	IREAD-3 (Optional Fall 2020)	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.	No change to test administration protocols.	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.
Grade 3	IREAD-3 (State-required)	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.	No change to test administration protocols.	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.
Pre-K	ISPROUT	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.	No change to test administration protocols.	No remote proctoring available. School schedules in-person administration of the assessment during the assessment window.
Sample of Grades 4 and 8 Reading and Mathematics	NAEP (Federal administration)	No remote proctoring available. NAEP administrator schedules in-person administration of the assessment during the assessment window.	No change to test administration protocols.	No remote proctoring available. NAEP administrator schedules in-person administration of the assessment during the assessment window.
