If an LEA chooses to apply, the following must be emailed to icr@doe.in.gov:

When the indirect cost rates are available for release, the Department will notify the LEA.

The application window opens February 1, 2018 and closes June 30, 2018.

If you have questions regarding this memorandum, please contact me or Amy Pattison, Assistant Director, at icr@doe.in.gov.

**MEMORANDUM**

TO: School Superintendents, Charter School Sponsors, and Business Managers

FROM: Amy Pattison, Assistant Director, Office of School Finance
Sarah Henry, Fiscal Analyst, Office of School Finance

DATE: January 26, 2018

SUBJECT: Terminal Leave, Subawards/Subcontracts, and Capitalized Equipment Purchases

This memorandum provides an overview of the schedules that aid the Office of School Finance in identifying and tracking sub awards, capitalized equipment, and terminal leave payments.

The schedules were created as a result of a US Department of Education (USDOE) review and approval of Indiana's methodology to determine Indirect Cost Rates (ICR). *If a Local Education Agency (LEA) does not wish to recover any indirect costs for federal grants and contracts, a schedule of terminal leave payments, sub awards, and capitalized equipment purchases is not necessary.* The Office of School Finance will assume an LEA that does not submit a schedule of terminal leave payments, sub awards, and capitalized equipment purchases does not have anything to report. Failure to accurately identify sub awards, terminal leave, and capitalized equipment purchases may jeopardize a LEA's ability to receive an ICR going forward.

Schedule of Terminal Leave

This schedule requires an LEA to identify and track the following information regarding terminal leave payments:

- 1) The account the payment was made from
- 2) The job title of the employee receiving payments
- 3) The building or office the employee worked in
- 4) The name of the employee
- 5) The nature of the employee's activities (Were they classified as Direct or Indirect)
- 6) The amount of the payment(s) made to each employee

LEAs must submit the schedule of terminal leave payments for each 6 month period or acknowledge that there were no terminal leave payments incurred.

Schedule of Subawards/Subcontracts

This schedule requires an LEA to identify and track the following information regarding sub awards/subcontracts:

- 1) The account the contract was allocated to
- 2) The department the subcontract/sub award is going through
- 3) The name of the organization/vendor who is engaged in the contract with the LEA
- 4) The original subcontract/sub award amount
- 5) The period of performance
- 6) The annual expense for the sub award/subcontract for the most recently completed full year
- 7) The amount of each contract payment made exceeding \$25,000

LEAs must submit the schedule of sub awards/subcontracts for each 6 month period or acknowledge that there were no sub awards/subcontracts in existence during the period reported.

Schedule of Capitalized Equipment Purchases

This schedule requires an LEA to identify and track the following information regarding the purchases of equipment which exceeds the lesser of the LEA's capitalization policy or \$5,000:

- 1) The account the purchase was made from
- 2) The object code associated with this purchase
- 3) The equipment type
- 4) The date of acquisition
- 5) The cost of the equipment
- 6) A description of the equipment

LEAs must submit the schedule of capitalized equipment purchases for each 6 month period or acknowledge that there were no purchases of equipment above the LEA's capitalization threshold or \$5,000.

Blank schedules are available for download in the Learning Connection > School Finance community > Files and Bookmarks > Indirect Cost Rate Program folder. Once completed, these schedules can be submitted via email to icr@doe.in.gov. Any questions regarding this Memo or the Indirect Cost Rate program may be directed to Sarah Henry or Amy Pattison at icr@doe.in.gov.
