Subject: Advanced Placement Exam Updates

The College Board has announced updates for the 2019-2020 AP Exam administration.

Traditional face-to-face exam administrations will not take place in 2019-2020. For each AP subject, there will be 2 different testing dates. The full exam schedule, specific free-response question types that will be on each AP Exam, and additional testing details will be available by April 3.

For the 2019-20 AP Exam administration only, College Board is developing secure 45-minute online exams for each course. The streamlined digital exams will not require any test booklet shipments, external proctors, or any additional workload for schools. The exam content will focus on what most schools were able to complete by early-March.

Beginning on Wednesday, March 25, students will have access to free, live AP review lessons, delivered by AP teachers from across the country. These classes will also be available on-demand, so teachers and students can access them at any time.
