

Educators, thank you for all you are doing for Hoosier students during these unprecedented times. Our teachers and communities continue to play an important role in ensuring the safety of children. As you engage with your students, please remember these important topics.

Mandatory reporter

There is no change to the requirement that all individuals immediately report any allegations of abuse or neglect of a child. There is the potential that children may be particularly vulnerable during this period of school closure. School officials can find additional details on the duty to report abuse and neglect [here](#).

Suicidal Ideation Protocol

If a student reports suicidal thoughts or feelings, please follow district protocol. If a peer shares concern about another student, please follow district protocol.

Student shares sensitive information virtually

If a student share sensitive information please be sure to acknowledge the student and follow up with them individually. Be sure to follow district protocol for sharing concerns with student service personnel.
