

The SAT as Indiana's Accountability Assessment

Indiana's New High School Accountability Assessment

- The SAT will be administered as Indiana's statewide accountability test in grade 11.
- Performance level cut scores have yet to be determined by Indiana educators.

Graduation

- SAT results can also be used to fulfill Requirement Three in a student's chosen Graduation Pathway.
- Other options to fulfill this requirement remain valid for students who do not fulfill it with their SAT result.
- No specific score on the SAT is required to graduate high school with an Indiana diploma unless the student elects to pursue the SAT for graduation pathways.
- IDOE Graduation Requirements are available [here](#).

Cost

- Students will participate in the Grade 11 SAT opportunity at no cost for the single test administration. Any retest or future opportunities will not be covered by state assessment funds.
- Each grade 11 student will be able to designate four colleges, universities, or other appropriate post-secondary institutions to receive a score report at no additional expense.

Testing Schedule

- The SAT will be administered in Spring to all grade 11 students during a statewide testing window (dates TBD).
- The PSAT will continue to be administered in the Fall to grade 10 students.

Format

- The SAT will be administered primarily online, though paper exams will be as an accommodation when needed.

More Information

- More information about the SAT and its design can be found on the College Board website:
 - [Inside the SAT](#)
 - [Test Specifications for the Redesigned SAT](#)
- Additional resources will be made available when possible.
- Contact the Office of Student Assessment at inassessments@doe.in.gov with questions.
