To provide district and building leaders with the maximum number of opportunities to engage with Technical Assistance Partners, the logistics of the event will be modified from last year as follows:

- 1.) All Technical Assistance Partners (TAPs) will have a large, rectangular table in the conference room of IKORCC to showcase school improvement support materials. TAPs are encouraged to bring a tablecloth, handouts, signs, etc. Attendees will be encouraged to visit these displays and engage with partners throughout the morning from 9:00 - 11:30 a.m. The Office of School Improvement has created a sign-up sheet for each Technical Assistance Partner for school leaders to make 30 minute appointments during the afternoon from 12:30 - 3:00 p.m.

- 2.) The afternoon will serve as a time for Technical Assistance Partners and school leaders to hold more personalized conversations about specific school improvement needs. TAPs should prepare to hold approximately 30 minute conversations with school leaders in the conference room from 12:30 - 3:00 p.m.
