The outcome of this workshop is to build proficiency in the K-12 Score Reporting Portal by learning how to access and navigate the website and analyze score and performance data relative to the College and Career Readiness Benchmarks. This session is designed for participants to gain a better understanding of how to use the K-12 Reporting Portal.

### **Using Data from the K-12 Portal to Improve Instruction (March 8, 9, and 10)**

Attendees will engage in interactive activities to review ways to use data reports to improve classroom instruction. Participants should have access to K-12 Detailed Reports in the data portal.
