Re: IDOE School Improvement Summit

The Indiana Department of Education (IDOE) invites you to participate in a School Improvement Summit on August 9 at the Hyatt Regency in Indianapolis, Indiana from 8:30 a.m. to 4:30 p.m. IDOE is hosting this Summit to support the development of partnerships between Technical Assistance Partners and Indiana education leaders, resulting in improved educational outcomes through locally-driven school improvement initiatives. The Summit is designed to bring together district and school leaders from across Indiana as well as the most promising school improvement partners from within Indiana and across the country. At this Summit, district and school leaders will have structured opportunities to engage with a vetted group of Technical Assistance Partners. Technical Assistance Partners will share their evidence-based interventions and track record of impact with district and school leaders prior to and during the Summit.

Once registered, school and district leaders will have access to profiles of the Technical Assistance Partners that will be attending the Summit. The Indiana Department of Education is providing these Technical Assistance Partner profiles to help school and district leaders determine who they would like to meet with during the Summit. To register for the School Improvement Summit, please complete [this form](#). If you have questions about the Summit, please contact Melissa Blossom, Assistant Director of School Improvement, at mblossom@doe.in.gov.
