Event Focus

Indiana's Educating the Whole Child Summit will help share learnings and progress from across Indiana on how districts and their community partners are building the capacity to address the development of the whole child (social, emotional, physical, and cognitive) within existing school frameworks and improvement plans.

Audience

- People most responsible within districts for overseeing SEL/mental health
- Administrators
- Teachers
- Key school-based community mental health and private providers
- Student services personnel

Accessibility and Questions

We are committed to providing an accessible summit to all. Please notify Dr. Kristy Eaton of any needs or questions at kbeaton@iu.edu.

Request for Breakout Session Proposals

We are now accepting proposals for presentations at the summit. Your presentation should focus on sharing your practices around creating equity and cultural responsiveness related to SEL in one or more of the following areas: classroom, school, school district, home, community, policy.

Presentation length will be 75 minutes. If selected, you will be asked to record your presentation in advance. We will provide guidance and support for our conference platform. We then ask you to be available during the playing of your video at the Summit for questions and answers.

The deadline to submit your proposal is December 1, 2020. You will receive an email in late December to inform you if your proposal was selected or not. For those proposals accepted, the presenters will have their Summit registration fee waived.
