- Medical professionals, teachers & law enforcement officials have a higher duty to report abuse or neglect.

Indiana Code § 31-33-5-1 et. seq.

- "An individual" who has reason to believe that a child is a victim of child abuse or neglect shall make a report. IC 31-33-5-1.

- If an individual is required to make a report in the individual's capacity as a member of the staff of a medical or other public or private institution, school, facility, or agency, the individual shall "immediately" notify the individual in charge of the institution, school, facility, or agency or the designated agent of the individual in charge of the institution, school, facility, or agency. IC 31-33-5-2(a).

- The individual notified shall report or cause a report to be made. IC 31-33-5-2(b).
An individual is not relieved of the obligation to report on the individual's own behalf, unless a report has already been made to the best of the individual's belief. IC 31-33-5-3.

A person who has a duty under this chapter to report that a child may be a victim of child abuse or neglect shall "immediately" make an oral report to the department and/or the local law enforcement agency. IC 31-33-5-4.

"Immediately" means "in an immediate manner; specifically,

Failing to report immediately is a crime.

Call 800.800.5556. An intake specialist:
• Directs caller immediately to 911 or law enforcement if child is in imminent danger.
• Listens/asks questions using intake guidance tool.
• Captures report information.
• Sends report to local county office to determine next steps.

Intake specialists will ask questions about the child's current circumstances, safety, and identifying information:
• Names of children involved
• Parent, guardian or custodian's name
• Substance abuse issues
• Mental health concerns
• Ages of children
• Addresses & phone numbers
