Meeting Minutes

I. Call To Order
   
a. Chair, Kelly Wittman, called the Commission on Seclusion and Restraint in Schools to order at 1:38 PM, November 17th, 2017 at the Indiana Department of Education.

   Motion to Approve Agenda- Joan McCormick
   2nd by: John Elcesser
   Motion to Approve Agenda: 8Y-0N

   Motion to Approve 10.05.17 Minutes as Amended- John Elcesser
   2nd by: Joan McCormick
   Motion to Approve 10.05.17 Minutes as Amended: 8Y-0N

   Michael Moore reviewed the incident reporting mechanism between the Commission and the Indiana Department of Education established in Senate Enrolled Act 61.

   a. Section 2.3: Requires the Commission to accept and review discrepancy reports from the public and make non-binding recommendations to the Department.

   b. Section 3: The Department for advising of a discrepancy, shall require a school to submit a written summary explaining the discrepancy, in which must be in compliance with FERPA.

   c. Section 4: The Department is required to review incident reports under rules established by the Commission, and submit findings to the Commission in a manner that does not violate FERPA. The Commission shall review an executive summary of the findings the Department provides and can make non-binding recommendations to the Department or to other entities (school). The Department can then share the Commission’s recommendations with the entities.

      i. The Department has the authority to require a school to submit their seclusion and restraint model plan

   The Commission was provided a graphical summary of the reporting mechanism as outlined in SEA 61.
The Commission agreed to receive high-level incident reports. The pending reported categories under the Commission’s consideration:

a. Not able to find the school’s seclusion and restraint model plan
b. A school reporting no incident reports, but seclusion and restraint did occur
c. A school’s seclusion and restraint model plan does not comply with the law

Based on the reports received by the Commission, the Department will reach out to schools and request further information such as a written explanation regarding the incident or provide professional development informed by the Commission’s recommendations.
Joan McCormick asked Michael to explain the term incident report and wanted to know whether the Department has the ability to request incident reports since they are not currently received. Michael noted that although incident report is not defined in statute, the rules require that an incident be reported following the use of either seclusion or restraint. When used in SEA 61, it is assumed from the language used that it is the report after an incident of seclusion and restraint has occurred.

The Commission was then presented with new draft rules in response to SEA 61. The language in bold within the subsections are changes the Commission has agreed on and the language in purple are proposed changes to the current rules for the Commission to review and edit.
