See legends for *Dual Credit and **Core at the end of this document for definitions of CORE and X, X-PCL/LA, X-PCL/CTE

***Dual Credit**

***X:** Any course marked with an X (including those described below) in the Dual Credit column has been approved to count for dual credit reporting for A-F Accountability and for BOTH Academic Honors Diploma (AHD) and Technical Honors Diploma (THD) if the student is enrolled in a college course and earns transcribed college credits.

***X-PCL-LA:** As used in this table, courses marked X (PCL/LA) in the Dual Credit column are in the subset of courses found in the Core Transfer Library (CTL) that have been approved by the Indiana Commission for Higher Education (ICHE) to be included on the Priority Course List/Liberal Arts, as of August 2013. If the high school has a formal agreement with a college to award dual credit for these courses, students may earn both high school credits and transcribed college credits as specified in the dual credit agreement. Per Indiana legislation, the college can charge high school students no more than \$25 per college credit and the college receives funding as part of the ICHE's Dual Credit biennium budget recommendation.

***X-PCL-CTE:** As used in this table, courses marked X (PCL/CTE) are those Career and Technical Education (CTE) courses on the state approved Priority Course List/Career and Technical Education and for which credit applies to undergraduate degree programs. If the high school has a formal agreement with a college to award dual credit for these courses, students may earn both high school credits and transcribed college credits as specified in the dual credit agreement. Per Indiana legislation, the college can charge high school students no more than \$25 per college credit and the college receives funding as part of the ICHE's Dual Credit biennium budget recommendation.

****Core:** Per NCLB, the Core Academic Subjects are defined as the following: English/language arts, reading, mathematics, science, foreign languages, civics and government, economics, history, geography, and fine arts (musical and visual arts). Teachers of courses or subjects designated as "core" must meet the Highly Qualified Teacher standard. The Highly Qualified Teacher standard is not germane to subjects/courses not listed as Core Academic Subjects. These subjects are designated in the last column. **However, please note that per ESSA, it is no longer a requirement to collect this information.** This column has been added back at the request of local schools and districts for their reporting purposes.
