## Greetings Liaisons!

Thank you for participating in the online program for McKinney-Vento Liaison credentialing. The Indiana State Coordinator has worked side by side with Edify to create relevant and helpful curriculum and to deliver it in an accessible and engaging format. You will learn at your own pace with videos and written instruction, as well as have access to a myriad of real-world resources. We're so pleased you've chosen to join this online learning experience, earn credentials, and improve your own efficacy as a liaison! Expect to give feedback about the content and system so that we may continue to improve this program and help liaisons do their crucially important work.

To get started, you'll find your login information below. Edify, the learning management system you'll be using to access the liaison courses, is a website built on responsive design. This means you can log in and learn on any device, anyplace, and at anytime; you learn when it works best for you. You can use it on your computer, tablet, or smartphone. Go to [www.edifyk12.com](http://www.edifyk12.com) and enter the username and password below.

### Your login information:

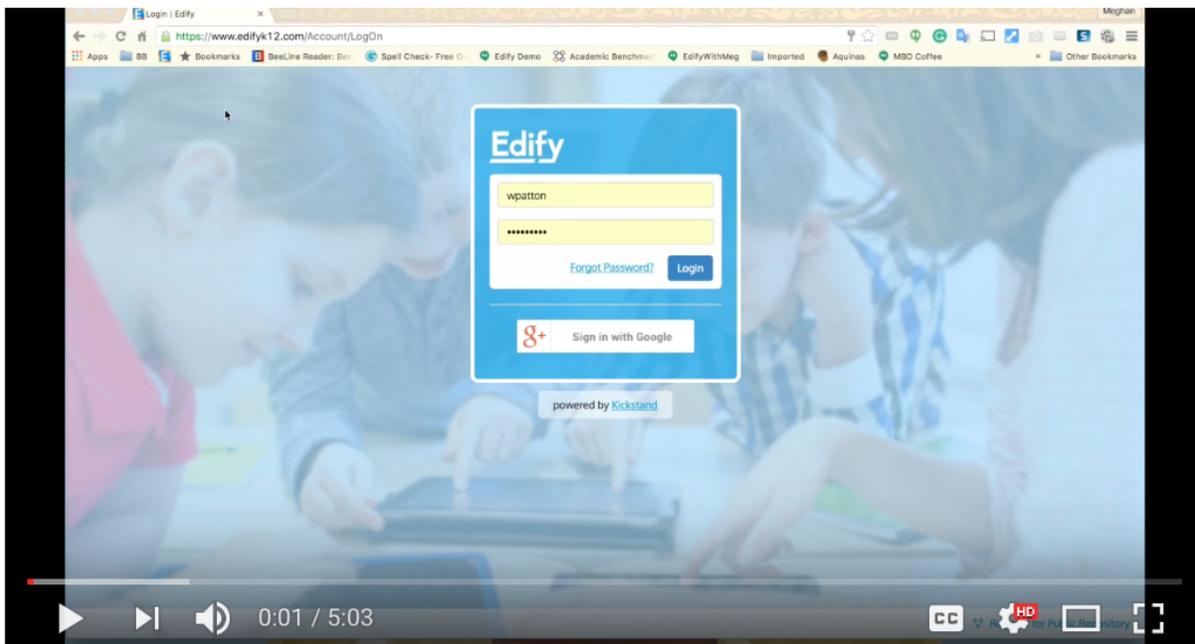

Username: <<**Email Address**>>

Password: **mv2016**

**\*\*\*Please log in right away to ensure your username works. If it does not, please**

**email [support@kickstandsystems.com](mailto:support@kickstandsystems.com) \*\*\***

Click below to access the "Getting Started with Edify: MV Liaisons" video, which will explain the different functions of the website and guide you through the steps of the course. When you log into Edify you'll be directed to your Dashboard, which contains the course you're taking, information about your progress, and a place for your program director to send you additional resources and messages about the program.
