ITEMS OF DISCUSSION  
Notice of Intent for Rulemaking – Seat Belt Cutter and Rear Lights – we are awaiting for the State Budgeting Agency to provide their input and fiscal analysis for the rules. Public meetings will be scheduled for later in the year. Additional discussion was conducted on the strobing of brake lights on the rear of the bus. Further research will need to be conducted and a review of FMVSS regulations.

Blue Card Extensions – The IDOE has experienced two separate incidents where school bus drivers/school districts/bus companies are working the system by requesting blue cards for specific bus drivers and the driver never completes the training for the yellow card and has been issued a new blue card for the past 4 years. The committee would like to review this allowance. The item was tabled until the next meeting for discussion.

Evacuation Drill Reporting – Reporting of school bus evacuation drills is required by administrative rule 575 IAC Rule 10. Since inception of this rule, only approximately 30 to 35% of school districts in the State are reporting their drill information as required.
