

CodeHS Indiana Professional Development

In Partnership with the Indiana Department of Education

Overview

CodeHS will be conducting multiple 2-day PD workshops throughout the summer of 2020 in preparation for the 2020-2021 school year.

Computer science teachers in Indiana will have the opportunity to choose a session to attend based on their experience and goals within their region. The workshops are free for Indiana teachers to attend.

Workshops

The exact location and date of each workshop will be determined in early 2020. There will be a different focus for each workshop including:

Workshop Focus

2-Day New CS Teacher Training

2-Day AP CS A Teacher Training

2-Day AP CSP Teacher Training

2-Day Cybersecurity Teacher Training

Please let us know what type of PD workshop you're interested in by filling out this short survey below.
