Indiana Summer 2020
AP CSP Virtual Professional Development Workshop

In Partnership with the IN Department of Education

CodeHS is offering FREE 2-day, virtual professional development workshops this summer for Indiana computer science teachers.

The workshops, led by expert CodeHS team members, are designed to be fun and effective training and preparation for teachers who have taught or will be teaching computer science classes. All experience levels are welcome!

AP CSP Teacher PD Workshop Overview

Dates: Wednesday, June 24th - Thursday, June 25th
Time: 10:00 AM - 3:00 PM EDT

The CodeHS **AP Computer Science Principles Teacher Workshop** is specifically geared for teachers who have taught or will be teaching AP CSP or (4801) Computer Science I. The workshop will cover:

- Introduction to the CodeHS platform and AP CSP experiences from the student perspective
- Effective pedagogy around teaching coding in a blended AP CSP classroom
- Developing personalized AP CSP classroom practices and grading policies
- Research-based and teacher-approved CS instructional strategies
- Teacher tools, resources and support available through CodeHS
- Teacher work and support for instructional planning for AP CSP

The workshop also includes AP CSP-specific content such as programming in JavaScript/Python, the College Board AP CSP framework, exam and Create Performance task, and ways to effectively teach concepts followed by collaborative work time and planning.
